

# Supplier Finder Profile

## What is a **Supplier Finder Profile**?

Supplier Finder Profile make up a sourcing directory for the welsh public sector.

This service helps connect the public sector to private businesses and suppliers.

You can access this through your control panel.

It is also built into the Quick Quote distribution page, for sourcing suppliers for low value procurement exercises

**Supplier Finder**  
Supplier Finder is an optional service for Suppliers allowing them to advertise their company on the website. Use this page to quickly search for suppliers by entering the Supplier Details or by searching for a Supplier Category in the Search and Filter section.
